BARN ARE BURNED IN HOPKINSVILLE

FINE TOBACCO GOES UP IN SMOKE.

A Big Blaze on the Waller Farm--Other Fires Reported.

(From Wednesday's Daily.)
Yesterday at noon a large tobacco barn on the Waller farm, three miles north of the city, was burned. A large quantity of fine tobacco was consumed. The loss is about \$1,000. The barn was valued at \$800. There was no insurance.

A large tobacco barn belonging to Charles Fowler, six miles from this city, was entirely destroyed by fire, together with all its contents, consisting of a good crop of tobacco. The weed was being cured, and the fire is supposed to have caught from falling sparks. The loss is estimated at about \$1,500.

A barn belonging to J. Wesley Hammond, situated between Gracey and Cadiz, was destroyed by fire, with all its contents. The barn contained thirty-five acres of tobacco, which belonged to Mr. Hammond's neighbors. The loss is about \$2,000. The origin of the fire is not known. The large stock barn of S. M. Holland, near Rock Castle, Trigg county, was destroyed by fire, with all its contents, consisting of crops and a lot of valuable stock. It is not known how the fire, which originated in the loft, caught. The total loss is estimated at about \$1,800, with \$600 insurance.

JUMPS FROM TRAIN

Romas Smith, a colored lad nineteen years of age, was killed at Trenton Saturday night.

Smith in company with ten or twelve companions, according to the Clarksville Star, had attended the Guthrie fair and had tickets for Trenton. They boarded the fast train from Nashville to St. Louis to go home. This train does not stop at Trenton, but Smith, unwilling to be taken past home, jumped from the rapidly moving train. The cars passed over one leg and he was badly mangled. He died an hour later.

The negroes who were with Smith were taken on to Pembroke where they left the train and walked back home.

The report reaches here that another negro was killed by a train at Adams, but no details have been received.

Will Give Recital.

Miss Marie Helen Thompson will give a recital today night at the opera house in Pembroke. She will be assisted by Miss Elgin and other local talent.

DEMOCRATS HAVE A MAJORITY OF VOTERS.

The First Registration Under New Law Was Held Tuesday.

(From Wednesday's Daily.)
The registration in Hopkinsville and other incorporated towns in Christian county passed off quietly yesterday.

In Hopkinsville the total figures show an increase of 38 over last year which, considering that there is no state or county elections this fall to draw out the voters, is very good. Some voters have registered without giving their party affiliation but according to estimates carefully made the city of Hopkinsville shows a majority of ten in favor of the Democrats. This year there were five precincts instead of four as heretofore. The total registration as compared with last year and year before are as follows:

BARTHOLOI DEAD.

PARIS, Oct. 5.—Frederick Auguste Bartholdi, sculptor of the statue of Liberty in New York Bay, died of tuberculosis this morning at his residence on the Rue Assas, Paris. He had been bed-ridden since last May, and his condition became suddenly aggravated yesterday.

License Revoked.

State Insurance Commissioner Frewitt has revoked the license of the Security Mutual Life Insurance company, of Binghamtown, N. Y., to do business in the state, because the company removed an action from the state court to the federal court, in violation of the Kentucky statutes.

Had to Open a BLACKSMITH SHOP! WHY? CAN'T PAY \$1.00 FOR SHOEING.

Read our explanation carefully if you own either a horse or mule.

We are in the livery business and have a large number of horses to be kept shod.

All of our shoeing for the last five years has been done by one shop, for which we paid cash and the regular price of eighty cents for each horse shod.

Monday, Sept. 10th, the price was advanced to one dollar. We kicked. The smith said it didn't matter whether we had one (1) horse or one hundred (100) shod the price was one dollar for each and every horse.

We then visited the boss, and was informed that material was higher and there would be no deviation from the advanced price. We attempted to reason with him but all the satisfaction gotten was 'You will have to pay the advance.' This we were unwilling to do, so visited each of the blacksmith shops in Hopkinsville and all were \$1.00 for each horse shod, several stating an agreement had been entered into to that effect. We then investigated the advance in material and was unable to find any.

For above reasons and at the solicitation of friends and patrons and our mutual protection

We have opened a Blacksmith Shop in room in rear of Postoffice

and opposite our livery stable and employed a smith that has no superior and few equals and at the old price

80 cents

We want and will appreciate your business and guarantee satisfaction in every detail.

IN CIRCUIT COURT

ALLEGED MURDERER HAS SURRENDERED

The Grand Jury Returns A Batch of Seventeen Indictments.

(From Wednesday's Daily.)
Robt. Lewis, colored, who shot and killed James Carliss on the Stegar farm last April, surrendered to the authorities yesterday and was placed in jail.

Judge Cook this morning sustained the demurrer filed by the attorneys for the Crescent Milling company in the suit brought against them by Mrs. Mary L. Morrow and her daughter, Miss Fannie Morrow for damages. Objections to the rulings were filed by the attorneys for the plaintiff. Mrs. Morrow and her daughter were severely injured in a runaway which they claimed was caused by the carelessness of an employee of the milling company in dropping some timbers and producing a loud noise just as they were passing the plant on Seventh street.

The grand jury yesterday returned a batch of indictments against seventeen persons, mostly for gaming and carrying concealed deadly weapons.

From Tuesday's Daily.

Nothing of special importance has been done in circuit court this week, the time being consumed with minor civil cases.

The demurrer filed by the attorneys for the L. & N. railroad to the suit of W. H. Taylor for \$10,000 damages was sustained yesterday by Judge Cook.

In the suit of J. B. Walker against the Illinois Central railroad the plaintiff was awarded \$40 damages.

George McKnight was excused yesterday from further service on the grand jury and J. J. Barnes was accepted in his stead.

DOGWOOD NOTES.

Dogwood, Oct. 5.—Rev. Mr. Anderson a Primitive Baptist minister, preached at Mr. J. W. Underwood's Sunday night.

The protracted meeting which has just closed at the Baptist church was very successful considering the unfavorable weather. The two divines in charge, Rev. Mr. Hyde and Rev. Mr. Roberts, have greatly endeared themselves to the people of this community by their earnest and untiring efforts for good. There were nine additions to the church.

Miss Carrie Haddock spent last week with Mr. and Mrs. Walter White.

Miss Hallie Clark who spent last week at her home attending the meeting, returned to her school at Bluff Springs.

Mrs. Ivy White an aged lady of this place died last Thursday of heart failure. She was well known and respected, and her death will cast gloom over many hearts. We extend sympathy to sorrowing friends.

Mr. George West, our energetic merchant, has been on the sick list for quite a while. We hope he may soon recover.

Mr. Lindsay Yancey has purchased a new buggy, and it seems that all the girls are casting loving smiles, and saying that he is more to be admired than any other young man at present. So we guess Lindsay will not have to go driving alone.

Miss Charlie Armstrong of Hopkinsville, is visiting her sister Mrs. Lee Walker.

Mr. S. T. Myers was elected trustee of this school at the trustees' election Saturday.

FIRST CONVICTION UNDER NEW LAW

CHICKEN THIEF SENT TO PENITENTIARY.

MAY SERVE AS WARNING

Negro Who Stole a Diamond Ring Also Goes to Prison.

MACK HERN IS INDICTED.

(From Friday's Daily.)
The jury in the case of John Henry Cole, colored, charged with stealing nine chickens, valued at twenty-five cents each, from Mrs. Charles Jones, returned a verdict late yesterday afternoon of guilty and fixed the punishment at fifteen months in the penitentiary. This is the first conviction in Christian county under the new law making chicken stealing a felony. Under the provisions of the law a person convicted of stealing chickens valued at as much as two dollars or over may be sentenced to the penitentiary. This is the negro for whom Officer George Walker lay in wait one night several weeks ago and caught as the negro returned to his home with the sack containing the chickens slung across his shoulder. The infliction of this penalty may have a good effect on the numerous chicken thieves that have been for so long robbing the roosts all over the city.

Willie Whitfield, colored, who was charged with entering a caboose on the L. & N. tracks here and breaking open the locker of William Oakley, a brakeman, and stealing a valuable diamond ring, was convicted of the theft yesterday and his punishment fixed at confinement in the penitentiary for three years.

Both these indictments were returned at the present term of court. The grand jury returned the following indictments yesterday:
John Fleming, wilful murder. Fleming is the negro who shot and killed Dave Bullock, another negro, in a crap game last Sunday.
Mack Hern, wilful murder. Hern shot and killed his father, Jim Hern, in W. R. Long's saloon on Ninth St., on the night of July 4th last.
Ed Gladdish, burglary, two cases.

Good Appointment.
Hon. Walker Wilkins, of Elkton, has received from Commissioner of Internal Revenue Yerkes an appointment as general deputy collector for the Second Internal revenue district of Kentucky.

Of Local Interest.

Jim Aldridge, who has been living on the Tom Wadlington farm near Gracey this year, will move back to his farm on Sinking Fork the first of the year, and Henry Jones will move to Ben Wilson's place.—Cadiz Record

The Squirrel Law.
The new squirrel law forbidding the killing of squirrels from September 15th to November 15th is giving universal dissatisfaction. Complaints are coming in from every quarter of the county, and the people as a whole are bitterly opposed to it. The sportsmen en masse are loud in their denunciation of the law, and the farmers who suffer from the depredations of the squirrels upon their corn crops strongly and emphatically denounce the measure.—Elizabethtown News.

For over a third of a century Dr. Pierce's Golden Medical Discovery has sold more largely than any other blood purifier or tonic.

Bigger sales today than ever before. Is that not the true test?

Cures others, why not you? Makes rich red blood. An imitation of nature's method of restoring waste of tissue and impoverishment of the blood.

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It thus cures scrofula, eczema, erysipelas, boils, pimples, and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

No matter how powerful the intellect or the resources of intellectual power, it must be backed up by physical force. Every day the youth or man must manufacture a pint of rich, arterial blood, that is pure, stimulating to the brain, and that can rebuild the tissues that were destroyed in yesterday's work.

Dr. Pierce's Pellets cure biliousness.

ODD FELLOWS' CARNIVAL A GO

PRELIMINARY ARRANGEMENTS ARE COMPLETED

TO BE ON THE STREETS

Amusement Company Has Given Satisfaction Wherever it Appeared.

BIG CROWDS EXPECTED.

All details have been definitely arranged between the Odd Fellows lodge of this city and the Robinson Amusement company, of Cincinnati, and Hopkinsville will have a street fair and carnival beginning Monday, October 18, and lasting for an entire week. The merchants are responding liberally with cash subscriptions, and while there are some who have not yet been called upon, enough money has been subscribed to practically guarantee the amount asked. In the next few days the flaming lithographs advertising the event will be posted in every conspicuous place in this and neighboring counties and preparation will be begun for drawing and entertaining the crowd.

The shows will be given on the streets in much the same manner as the first affair of the kind ever held in Hopkinsville and which proved such a success. However, Main street will probably not be made the location of the shows as formerly on account of the blockading of the street in front of the business houses as was the case at that time. The free attractions as well as the pay shows will be distributed over the business sections at convenient points, the locations to be selected by a committee from the Odd Fellows lodge working in conjunction with the regular street committee appointed by the board of council.

There will be numerous pay attractions all of which are open at any time to inspection by the mayor or board of councilmen. Nothing but strictly moral, elevating and entertaining shows, it is asserted, will be allowed.

The Odd Fellows have already begun making their preparations for features of the carnival and it is probable that mammoth parades will prove drawing cards.

Gone To Reward.

Mrs. Mary Carter Thomas, wife of Mr. Percy C. Thomas, died last Sunday at her home near Oak Grove church, five miles southwest of Cadiz, of consumption, says the Cadiz Record.

Mrs. Thomas was born in Christian county on January 2nd 1848. She was married to Percy C. Thomas on the 22nd 1868. To this union three children were born—Miss Dora Thomas, Mrs. Peter Jackson, and W. Robert Thomas, all of whom survive her. In early life she joined the Olivet Baptist church in Christian county. She moved her membership to Donaldson church in either 1887 or 1898, and was in the body of the organization of Oak Grove Baptist church in 1876, and until her death remained one of its truest and most consistent members.

From This County.

By an order of the court, the next jury to try Lawrence D. Willis at Cadiz for the murder of Lieut. Johnstone will be selected from a venire of seventy-five men from Christian county. Willis bond has been reduced from \$5,000 to \$3,000. It is understood that he will make the bond soon, and be released from custody. His case is set for the 7th day of the next January court.

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, blotches and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN, Stark Hotel, Greensburg, Pa.

Painful swellings in the groin, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1.00 for proof that it is not absolutely vegetable. Home treatment book giving the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

FAIRLY GOOD SHAPE

IS THE HOPKINSVILLE TOBACCO MARKET.

New Crop Promises to Be Fine.—Report of Inspectors.

Reports from the board of inspectors and warehousemen for September show the tobacco market to be in fairly good shape for this time of the year, with strong prices ruling, while the volume of business done will compare favorably with that of previous months. There was an active demand for the medium grades of leaf and all tobacco suitable for manufacturing purposes and whatever of these classes was offered was disposed of at satisfactory figures. Agents representing foreign firms that buy on these breaks are making few purchases now, as very little is being put on sale suited to their wants. But there is a demand for all kinds of tobacco that is unusual this late in the season.

There continues to be considerable activity upon the loose market, and the sales of the weed in its loose state upon the floors of the warehouse is large considering how late it is. Favorable reports are being made about the crop now being cut and housed, and which promises to be one of the best raised in this section in years. The rains of the past ten days have done much toward improving the quality of the leaf. The crop as a whole is very superior to what was expected some weeks ago, when frost was feared. Most of it has been cut, and that which is already in the barns is curing nicely.

The report of the inspectors for September shows receipts for the past month to be 1,290 hogheads, as compared with 26 hogheads for the same time last year. Sales for the past month 1,851 hogheads, as compared with 261 hogheads last year; sales for the year 12,826 hogheads, as compared with 9,454 hogheads last year. Shipments for the past month 1,481 hogheads, as compared with 1,352 hogheads last year; shipments for the year 13,687 hogheads, as compared with 8,921 hogheads last year. Stock on sale 1,372 hogheads, as compared with 2,180 hogheads last year; stock sold 2,077 hogheads last year; total stock on hand 8,449 hogheads, as compared with 8,242 hogheads last year.

TERRORIZE TOWN.

DULUTH, Minn., Oct. 3.—Two desperadoes from the Northern woods are said to have terrorized the village of Little Fork, Minn., for five days. At last accounts they had robbed several stores and saloons, and with two six-shooters were in absolute control of the town.

JOE JEFFERSON TO ACT NO MORE

(Special to New Era.)
NEW YORK, Oct. 3.—Joseph Jefferson, after more than seventy years on the stage, during which time he has become one of the most honored and beloved members of the dramatic profession, has decided absolutely never to resume his theatrical career. Deepest regret was expressed by all who heard him make the announcement.

It was a matter of several days' silent and trying discussion for the veteran actor before he finally decided to retire. He loves the footlights, but realized that at his age one must be careful not to overstrain a constitution that has been called upon often for severe effort.

When the decision was ultimately reached he quietly announced it to his family. "I shall never act again," he said. "My days upon the stage are ended."

Once the decision made and its first feeling of solemnity had passed, Mr. Jefferson became more cheerful.

ST. LOUIS, Oct. 3.—Charles Kelly, ex-speaker of the St. Louis house of delegates, today made a written confession in which he says that for twenty-five years money was received by delegates for the passage of all important bills.

Col. Ed Butler, the noted St. Louis political boss, is implicated in the bribery. Kelly says that Butler had counted on buying Folk off, but all attempts and threats to this end were unsuccessful.

"It is the little rift within the lue which ever widening, makes the music mute." It is just a little rift in the health of a woman often, which gradually takes the spring from her step, the light from her eyes, the rose from her cheek and the music from her voice. Perhaps the bugbear which has frightened the woman from the timely help needed at the beginning has been the dread of questions, the obnoxious examination, the local treatments, of the home physician. There is no need for these. Nor is there need for continued suffering. Dr. Pierce's Favorite Prescription can be relied on by every woman, suffering from what are called "female troubles," to renew the health and cure the disease. Women are astonished at the results of the use of this medicine. It not only makes weak women "robust and rosy cheeked," but it gives them back the vigor and vitality of youth.

Deafness can not be Cured by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

UP TO FARMERS

TO ORGANIZE FOR THEIR PROTECTION.

Tobacco Growers Should Be Present at Meeting Here Saturday.

On next Saturday, the 8th of October, a meeting will be held at the courthouse in Hopkinsville for the purpose of organizing the growers of Christian county, says the Pembroke Journal. Dr. J. D. Clardy, as the Christian county member of the committee on organization, will preside at this meeting. Without doubt the most important movement in the interest of the farmer of which there is any record will result from this organization. One of the things of great moment to be accomplished at this meeting is the selection of a man to represent Christian county on the board of directors of the association. The man for this place must be one who is thoroughly awake to the responsibility that will rest upon him; a man who will place the duties thus imposed above everything and will allow nothing to deter him in their discharge. With the board of directors composed of the right men a long jump toward the final goal will have been accomplished. This movement is not in the interest of any particular class or clique; but to save from utter ruin all of the thousands of men whose chief occupation has been from time immemorial the production of tobacco. Every man who is engaged in this business owes it to those who have taken the initiative in the matter and to himself to attend Saturday's meeting. Do not rest in the belief that your neighbor will represent your sentiments there; go in person and use your influence to induce your neighbor to go with you. This is no time for proxies. We have had enough of half way organization. Now is the time for the grower to say how much he will take for the product of his toil and force the purchaser to pay it. Again, let us insist that each and every tobacco grower attend and participate actively in this meeting.

TO BREAK UP K. I. T. SENATOR HOAR PASSES AWAY.

IS THE PURPOSE FARN-
BAKER HAS.

Trying to Form New League.
His Scheme Won't
Work.

M. J. Farnbaker, the deposed secretary of the K. I. T. league, expects to move heaven and earth in his effort to break up the Kitty because he has not been allowed to run things according to his own sweet will.

The Cairo papers say that Farnbaker, who claims to still be secretary of the league though formally removed, left there yesterday for St. Louis, from where he will go to Vincennes and then to Jackson, Tenn., in the interest of the formation of a new league, from which Henderson, Clarksville and Hopkinsville are to be excluded because of their voting the pennant to Paducah.

Farnbaker will find that the men who own the clubs in the towns composing the league are not the sort of persons to be downed by such a fellow as he is.

Baseball cranks at Cairo threaten to break up the Kitty league unless that town is awarded the pennant, says the Nashville Banner. On the face of the returns Paducah won the pennant, and Cairo should submit quietly. A true sportsman would not have a pennant won only on paper by throwing out games on technicalities, but that seems to be the way that Cairo wants it. Such wild ravings as are appearing in the Cairo papers are so palpably unreasonable that what is said carries no weight.

The official finish of the 1904 season in the K. I. T. league was as follows:

Hard Winter Ahead.

The weather-wise are predicting a hard winter and declare that it is not far off. In proof of their forebodings they cite the fact that the shuck on the corn is not only unusually thick but extends out over the ear farther than common. The skin on the onion is also said to be unusually heavy, which is regarded as another sure sign. Hunters say that the fur on rabbits, squirrels and other game is more abundant this year than for several years past, which is a never failing sign of the approach of a hard winter. The goose bone specialist has not been heard from yet, but in the light of these harbingers it is expected that he will join in the chorus for a record breaking siege of cold weather.

SENATOR GEORGE FRISBIE HOAR.

(Special to New Era.)

WORCESTER, Mass., Sept. 31.—Senator George F. Hoar, senior United States senator from Massachusetts, died at his home in this city at 1:35 o'clock this morning. The end followed a period of unconsciousness that had continued since early Tuesday and came so gently that only the attendants were aware of the exact moment of dissolution. Lumbago was the cause of death.

George Frisbie Hoar was born in Concord, Mass., Aug. 29, 1826, and was therefore a little past 78 years of age. He graduated from Harvard

College in 1846, studied law and began its practice at Worcester, Mass. In 1852 he was elected to the lower house of the Massachusetts legislature and to the state senate five years later. From March 4, 1879, to March 3, 1877, he was a member of congress from his native state, and in the latter year declined a renomination. He served as United States senator from Massachusetts from 1877 without intermission until his death. BARKER.—The selection of Mr. Charles E. WEATHER FORECAST

PROPHET IRL R. HICKS IN
"WORD AND WORKS."

October Will Have Its Usual
Quota of Rains And
Frost.

Word and Works, Rev. Irl Hicks' publication, contains the following weather forecast for October:

The storm period in progress at the close of September will be felt the first two days of this month in the eastern parts of the country while the higher barometer and change to fair and colder weather will have advanced eastward beyond the central valley of the Mississippi.

On and touching the 4th and 5th look for return of higher temperature, falling barometer and more falling weather. All these October disturbances will wind up with rising barometer, change of winds to northwesterly, and much cooler weather.

The first regular storm period proper for October is central on the 11th, and extends from the 8th to the 12th. The moon being in perigee on the 7th and on the celestial equator and new on the 8th, expect very prompt developments, in the form of falling barometer, change to quite warm, and followed by rain, wind and even thunder storms as early in the period as the 8th to 9th. Later in the period these storms will spread to the east, and along with the rising barometer behind the storms, an early touch of boreal weather will come out of the northwest, attended by high, autumnal gales over the lake regions. It is possible also that delayed equinoctial storms may reach the southern coasts at this period. Within forty-eight hours of noon on the 8th, seismic disturbances in many parts of the earth need not cause surprise.

The next storm period will be central on the 16th, 17th and 18th. This is a Vulcan reactionary period and it will bring on disturbed weather condition that will run, most probably, into the regular storm period following. The Mercury brace shows that a Mercury equinoctial disturbance is central on the 23rd, reaching from the 18th to the close of October. This fact will tend to a prolonged spell of unsettled, disturbed weather.

During the regular Vulcan period, central on the 22nd, the already unsettled elements will return to very decided storm conditions. From about the 21st to the 24th general and active autumnal storms may be expected. A very depressed barometer will advance from the west, attended by storms, first of rain and probable thunder, followed by early spurts of snow and sleet in early extremes. Heavy northwesterly gales will visit the great lakes and the north Atlantic coasts at this time, and a general and decided change to colder will spread over most parts of the country with the anti-storm area that follows this period. The culminating crisis of this period will fall on and touching Monday the 24th. On and about this date will also be another period when earthquake shivers will be reported from different quarters of the globe. Look for frost well to the southward, with some freezing to the north at the end of and for some days following this period.

The last period of disturbances in October, blending with Mercury equinox, is central on the 27th and 28th. At this time look for a reaction to warmer, with falling barometer and return of rain and thick cloudiness and mist, amounting to sleet in many sections northward.

The month will go out with anti-storm areas spreading eastward from the west-northwest causing general change to much cooler.

TRIAL IS DELAYED

COMPLICATION IN MITCHELL MURDER CASE.

Surveyor Will Have To Settle Boundaries of Two Counties.

Several weeks ago despatches in the New Era told of the murder of Mrs. R. L. Mitchell, whose dead body was discovered in the woods near her home, not far from Guthrie, with her throat cut. Her husband, who is a prominent farmer with a large place on the border line between Robertson and Montgomery counties, Tennessee, was arrested immediately after the murder, charged with the crime. Excitement ran high and many sensational reports gained circulation concerning the possible cause of the murder.

The case was to have been tried this week but an unexpected complication has arisen. The trial was to have taken place at Springfield, the county seat of Robertson county, but it is now being claimed that the dead body of Mrs. Mitchell was found about two feet over the line in Montgomery county, so the trial of the case must be postponed until the exact location of the Montgomery county and Robertson county line can be determined by surveyors, who will be put to work on the matter at once.

If it develops that the body was in Montgomery county, the trial will have to be held at Clarksville, and if in Robertson county, the trial will be pulled off at Springfield, as originally proposed. The controversy is causing great interest among the lawyers at Springfield and Clarksville, and particularly at the former. The Mitchell home is in Robertson county near the Montgomery line.

BUY STEERS.

Watkins & Ferguson have bought fifty Pole Durham and Short Horn steers from near Louisville to fill their feed barn for this winter. Mr. Ferguson says he much preferred buying his feeders at home if he could get the quality, but claims that home breeders want as much for inferior quality as good ones cost elsewhere. He would urge improving beef breeding cattle in Christian county.

GUN WENT OFF

And Crofton Lad Was Shot In Shoulder.

While out hunting near his home at Crofton, Everett Alexander aged about thirteen years, was severely wounded by the accidental discharge of his gun.

The boy was hunting squirrels. He placed the butt of the gun on a log and rested the muzzle under his left arm. The gun slipped off the log, knocking the hammer back and exploding the shell, the charge entering the boy's shoulder and producing a very painful wound. The charge missed the main artery of the body only about an eighth of an inch. The wound is not regarded as dangerous if properly cared for.

In Memoriam.

Whereas, It has pleased Almighty God, in His infinite wisdom, to remove from our midst our well beloved sister, Mrs. Julia Wallace; Therefore, we, members of the Woman's Guild, and Woman's Auxiliary of Grace church, have passed the following resolutions:—

Resolved, That in the death of Mrs. Julia Wallace we have lost a valuable companion in our church work. Her earnest zeal and cordial manner gave inspirations and enthusiasm to the workers.

Resolved, That we shall miss her personal interest and sympathy with us as individuals, with the members of the congregation, and with humanity at large. She was a true Christian, proving her faith by her works of love and devotion to her family and friends, her church and her God.

Resolved, That we tender our sincere sympathy to the relatives in their great bereavement.

Resolved, That we place these resolutions on the records of our respective societies. (Signed by the presidents of the two societies.) Mrs. J. W. Venable. Miss Fannie Phelps.

OPHTHALMOSCOPE AND RETINOSCOPE COMBINED.

An up-to-date instrument for the diagnosis of the pathological condition of the interior of the eye without the use of a dark room or mydriatics to dilute the pupil. By its use all errors of refraction are detected and measured to an absolute certainty without asking the patient any questions, thereby leaving the operator independent of the intelligence of the patient. (Great for children.) It is the latest and most wonderful invention of optical science. By its use the retina (veins and arteries) is seen as clearly as the patient's face. This is a costly instrument, but as I have been always deeply interested and made a specialty of examining and fitting of glasses to the eye, I have kept up-to-date with the latest and best methods and instruments and feel that the best is none too good for my patrons. They may rest assured that they will get the latest and best service obtainable anywhere—derived from long years of practical experience with up-to-date appliances and for the least money. Respectfully,

M. D. KELLY,

QUICK WORK.

R. C. Moorefield, of Hopkinsville, Tells of a Case.

Quick work counts. Results tell the tale. No delay about Doan's Kidney Pills. They do their work quickly and well. Here's local proof of it.

R. C. Moorefield, Sr., real estate dealer and associated with the Christian County Title Co., residing at 222 W. 17th street, says: "For several years the condition of my back and of the kidney secretions furnished ample evidence that I was suffering from kidney disorders. The aching in my back would come on by spells often so severe that it was painful for me to stoop, to straighten up or to attempt any sudden movement. I saw Doan's Kidney Pills advertised locally and thinking that they might help me, got a box at Thomas & Trahern's drug store. I had used them only a few days when I noticed a marked improvement in my condition and I continued the treatment. It did me more good than any medicine I had ever used, and that is putting it mildly. You may publish my statement at any time and I will do all I can to let the value of Doan's Kidney Pills be known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
